

**Removing Turf  
Has Never Been Easier**

# Life could be a bed of roses, a tennis court, a driveway...

## SC18

Where there is turf to remove BlueBird's Sod Cutter will cut up the competition. An exclusive four-wheel drive transmission, a low center of gravity, and an anti-vibration folding handle make the SC18 the smoothest and most stable sod cutter on the market. Users will appreciate the SC18's two cutting speeds, two transport speeds and power reverse when cutting over a variety of terrain. With its many user friendly features, including easy blade engagement, a depth adjustment knob and simplified gear controls, the SC18 is the easiest to operate and most productive sod cutter. Like all BlueBird products a rugged design provides years of low maintenance and outstanding reliability.

*Decals on handle and shift control help users safely operate the SC18*

## Specifications

SC18		
Power	Engine	5.5 HP Honda oil bath w/centrifugal clutch
	Transmission	4 - forward speeds including 2 cutting speeds plus power reverse
Performance	Blade Width	18" (46cm)
